The Three Days; Maundy Thursday, Good Friday, and the Vigil of Easter; are the center of the Christian story yet the shortest season in the church year. This ancient trio of observances has been called an intensive meditation on our Christian identity as cross and resurrection people. How might we enter into this arc, not as a series of discrete days but as a continuous dramatic liturgy that shapes us as individuals and a community? We will reflect on the tangible objects used in worship on our journey from the upper room to the empty tomb.

Beth Gaede, an ELCA pastor, entered the world of church publishing after serving eight years as a parish pastor and joined Fortress in January 2018. She finds great joy in the beauty and power of Christian liturgy.
